At Inverlochy Castle Hotel, we endeavour to showcase the quality, flavour and seasonality of our wonderful Scottish larder. We have decided to mainly use products and produce only found in the U.K., to minimise our food miles and in turn our carbon footprint, by working with local artisan producers and suppliers.

If you have any adverse dietary requirements, we would be happy to cater for your dietary needs, however, we cannot guarantee absolute separation of allergens and cannot take responsibility for any adverse reaction which may occur.

We respectfully ask guests to refrain from using mobile telephones in the Dining Room. Dress code for Gentleman is Jacket.
